**CALL FOR PAPERS**

## 2019 15th Selected Issues of Electrical Engineering and Electronics (WZEE)

**Poland - Zakopane 8 – 10.12.2019**

**Sponsored by**

**IEEE Poland Section  
Poland Section PEL/IE Joint Chapter**

**Co-sponsored by:**

**Polish Academy of Sciences  
The Committee on Electrical Engineering**

## The Selected Issues of Electrical Engineering and Electronics WZEE 2019

will be 15<sup>th</sup> meeting of specialists from domestic and international universities and industrial research centers dealing with the whole aspects of the electrical engineering, electronics, automation and mechatronics. It will be a forum, which will enable the presentation of scientific results, exchange of professional experiences and the integration of interdisciplinary scientific community in working on selected problems of electrical engineering, automation, electronics and mechatronics.

The predicted topics of the Conference include:

- *mathematical modeling of electromechanical, electrical and electronic components and systems,*
- *new construction, technological and material solutions in electrical engineering and electronics,*
- *generation, conversion and distribution systems of electrical energy,*
- *control of machines and electric drives*
- *modeling and analysis of electromagnetic fields,*
- *models of power electronics elements and systems,*
- *signal processing and conditioning,*
- *modern electromobility problems,*
- *problems of mechatronic and infotronic systems.*

### VENUE

The Conference will take place at the Conference Center „Parzenica” - Zakopane.

<http://www.okwparzenica.pl>

Full registration fee (about EUR 250, detailed information on the website) includes: 2 nights stay at the hotel, full board, conference gala dinner, accompanying events, publication of the paper.
